**Wanted:
Letters
To Santa**

Sharpen your pencils and your wits, kids. It's time to write that letter to Santa Claus.

From now until just before Christmas, the Anvil Herald will publish letters to St. Nick, but the grand old gentlemen has confided in us that he wants only letters which the boys and girls have written for themselves as younger youngsters will have a chance to see their name in print another year. And he wants you to put your age in the letter too.

As an added attraction, the Anvil Herald will give a small prize to the author of the letter which Santa thinks is nicest each week. There'll be a prize given for the best one in the Dec. 2 issue, another for Dec. 9 issue, one for Dec. 16 issue, and a final one on Dec. 23 — four prizes in all.

**STERLING FLY HONORED
BY CRYSTAL CITY FOLKS**

Sterling H. Fly, native of Hondo and now president of Southwest Texas Junior College in Uvalde, is being honored in Crystal City, where he was superintendent of schools for 28 years.

A new Junior High School building was dedicated in Crystal City Tuesday night and it bears his name — the "Sterling H. Fly Junior High School".

EIGHT HEADS ARE BETTER THAN ONE when it comes to constructing the parts of an Indian Village at Jack and Jill school. Starting at left and going around the circle clockwise are the busy heads and hands of: Clyde Schuehle, Donald Kite, Mary Martha Gilbert, Melanie Altman, James Delony, John Eddie Huie, Tito Vance and Darla Mae Worley.

STICKS FROM A TURKEY may identify Thanksgiving for most children, but over at Miss Willie Fly's and Jill School pre-schoolers have been learning about the very first Thanksgiving and the part played in the origin of the holiday. Hard at

work on teepees are three of the students, wearing Indian headress that they made for themselves. They are Tito Vance, Darla Mae Worley and John Eddie Huie.

Rep. Joe M. Kilgore To Be CofC Speaker

Principal speaker at the annual Chamber of Commerce banquet, scheduled for Monday, Dec. 5, is Joe M. Kilgore, representative to the United States Congress from our 15th Congressional District.

Kilgore, 37, graduated from Hondo High School, attended Moreland College and transferred to the University of Texas for his training in law.

In 1941 he volunteered for the United States Air Force, was assigned as a heavy bomber pilot and participated in early raids in Europe.

Distinguishing himself as both a pilot and officer, Kilgore was awarded the Silver Star, the Distinguished Flying Cross, the Air Medal with two Oak Leaf Clusters, two unit citations and four personal citations. He is still active in the Air Force Reserve and has been promoted to Lieutenant Colonel. Prior to his election to Congress he commanded the 48th Air Force Reserve Squadron with flights at Rio Grande, McAllen and Weslaco, Texas.

May Hire New City Manager This Weekend

Mayor O. A. Fly says that he and the Hondo City Council may have some news this weekend on who the new city manager will be.

Martin Noonan, who had served in that capacity for several years, resigned effective November 15, and although the city has made definite attempts to find a replacement for him, they have been unsuccessful up to the present time.

Noonan plans to take an extended vacation after the first of the year, perhaps traveling in Mexico and South America.

Civil Defense

At the council meeting last Wednesday evening, Daniel O'Connell reviewed the local situation in regard to civil defense. The city passed an ordinance back in 1951 covering the matter, but they plan soon to appoint directors on a board to carry out a definite plan of action.

Honest Soul Found: In Port Arthur

Postmaster Harry Filleman received an anonymous letter this week postmarked from Port Arthur, and it contained a pleasant surprise for Hondo's two "news-girls" — Ethel Zerr and Naomi Smith.

The letter stated in part, "A few days ago I passed through your town and bought a paper at the stand in front of the post office. I dropped a nickel in the can, but after I was on my way, I discovered I had three copies of the paper instead of one. Enclosed is a dime for the two other papers. Will you kindly drop it in the container on the paper rack?" It was signed "an honest friend".

Since the postmaster did not know whether to drop it in the stand belonging to Mrs. Zerr or the one controlled by Mrs. Smith, he mailed them the dime and the pair each had a cup of coffee to celebrate the location of an honest soul!

C. A. P. Plane Available For Emergency Use

The local C. A. P. received an Aeronca L-16 Observation plane from the U. S. Air Force which was rebuilt by the Hondo group. Joe Gafford, an A & E mechanic at Hondo Air Base, made the test flight Nov. 20.

This plane is available to the public for emergency uses, according to Capt. Bruce Allen, Squadron Commander.

If any one needs the use of the plane, they may call the sheriff.

The first crop had been bountiful in the new, strange land; the perils of its wilderness, while present still, were no longer unknown. So the Pilgrims offered prayers of thanksgiving on the day of the feast — girded spiritually and materially against all dangers.

As we today follow, in effect, their example in the festive turkey, so should we be girded as they were that first Thanksgiving, against all who imperil us and our heritage of freedom.

It is from our Pilgrim Fathers' grateful prayers in the wilderness that our present Day of Thanksgiving derives. They set an example in word and deed which we well might remember at least once a year. Even before the Mayflower landed them at Plymouth they had written in their Compact: "We whose names are underwritten have undertaken, for the glory of God, to establish in Virginia the first colony for the advancement of the Christian faith..."

Court Buys Fencing From Hondo Store

At their regular meeting on Nov. 14, members of the Commissioners Court awarded a bid for the purchase of right-of-way fencing to the Farm and Home Store as their bid of \$10,781 was the lowest submitted. This store has been ordered to make delivery at the county barn in Hondo within 30 days of that date.

Other businesses submitting bids on the fencing were: Driscoll Lumber Co., Devine, 11,537.45; Alamo Lumber Co., Hondo, 11,596.00; Loggins & Lilly, Devine, 11,614. The Corner Store, La Costa, 11,533.20; Hondo Implement, Hondo, 11,772.50; Bud Dietze Machinery Co., San Antonio, 11,700.00; Medina Valley Mill & Lumber Co., Castroville, 11,259.93; A. J. Finger, D'Arms, 11,133.00; Hondo Lumber Co., Hondo, 11,947.87.

Indigents Given Aid

The court also ordered that Manuela Cordona of Castroville and Isabella Gorea of LaCoste, citizens of Medina County, be granted County aid in the amount of \$7.50 each per month beginning November, 1955, and to continue monthly until further orders of the Court.

Veterans' Land Board

In compliance with Veterans' Land Board, Austin, the Court appointed the following Veterans' Land Board County Committee: C. B. Gaston, chairman, Hondo; D. B. Whitfield, Devine; and Raymond Schuchart, Rt. 4, San Antonio.

Four Wrecks In County Mar Weekend Leading To SD Day

On the advent of Safe Driving Day, Highway Patrolman John Huie, Sheriff C. J. Hitzfelder and the deputies investigated four wrecks in Medina County over the weekend — wrecks in which one person met instant death and three others were injured.

Friday, 4:30 p. m.

Mrs. Francisca Martinez of Eagle Pass was hospitalized from injuries received in an accident which occurred about 10 miles east of Hondo on Highway 90, but was released from Medina Hospital a few hours later.

The accident happened when

her husband, Fernando Martinez, driving a 1955 Oldsmobile east on Highway 90, swung out to pass a 1956 Buick also headed east, which had turned left on the Biry Settlement road, and crashed into a 1955 Ford being driven by James Griffin of Liberty, Texas.

The Buick driven by C. E. Forster was not involved in the crash. Patrolman Huie reported that both Martinez and Griffin cars were hauled in by wreckers and that considerable damage was done to both cars.

Friday, 6 p. m.

Three trucks owned by South Texas Test Fleet, Inc. of Devine were involved in an accident on Farm Road 462 about 22 miles north of Hondo on the road to Tarpley.

Jim Jordan, Poteet, driving one of the trucks, headed north, had pulled to the shoulder of the road at the Hondo creek in order to let the two Fleet trucks headed south pass on the narrow bridge. One had passed the bridge and the other one driven by Roland Odelle had passed and was about even with the parked truck when the truck driven by Bennie Parker, Poteet, headed north, attempted to pass.

Parker hit Jordan's vehicle and then Odelle's, causing considerable damage to the three trucks. No one was injured in the collision but damage to Parker's truck was estimated at \$2500, to Odelle's, \$1200, and \$150 to Jordan's truck.

Saturday, 11:45 a. m.

Mrs. Robert Kollman turned her Cadillac over on the Quihi-New Fountain road just past the Hondo Cemetery when she lost control of the steering wheel.

According to Patrolman Huie, Mrs. Kollman's grandchild had fallen from the seat and when she made a grab for him, the car went into loose gravel and overturned. No one was hurt.

Sunday, 1:50 p. m.

Mrs. Walter Ehlers of Houston met almost instant death when the 1953 Chevrolet station wagon driven by her husband struck the 1947 Ford station wagon driven by James FitzSimon of Dunlay at the intersection of Devine Highway 173 and the Dunlay road. According to Patrolman Huie, Ehlers was hospitalized with face lacerations and a broken nose and FitzSimon's 10-year old daughter, Dorothy, who was a passenger in her father's car, also entered Medina Hospital for treatment.

The Ehlers were returning from a hunting trip in Uvalde County on their way to Houston via Falls City when the accident occurred.

Mrs. Ehler's body was taken to Horder Funeral Home pending funeral arrangements.

New System To Report Fire

Hondo's Volunteer Fire Department sent out postal cards this week to inform folks of a change in the method of reporting fires.

From now on, a fire may be reported by dialing the "operator" and giving specific information as to the address or location of the fire.

Heretofore there has been much confusion when folks would either accidentally, or as a non-practical joke, dial the number which caused the fire siren to blast forth, and local firemen hope that the situation is now remedied by the new system.

Does County Need SD Day?

Does Medina County need to be extra cautious on Safe Driving Day, Dec. 1? Yes! And here is why.

During last month, the Texas Highway Patrol in our area investigated 68 accidents. Five persons were killed; 36 persons were injured. The property loss ran to \$37,715. This covers rural areas outside cities or towns of more than 2,500 population.

The most common factors causing accidents were: Speeding, driving while intoxicated, running off roadway, driving on wrong side of road, improper passing and improper turns.

In addition, the patrol arrested 45 for driving while intoxicated, 443 for speeding, 64 for improper passing, and there were 136 arrests for driver's license violations.

4-H Boys Will Conduct Scrap Paper Drive

CASTROVILLE — The Elementary Boys 4-H Club met Tuesday, Nov. 15, with C. B. Gaston, County Agent and Lt. Colonel Jim Skarda, Adult Leader, present.

Mr. Gaston presented E. J. Evers, Jr. an Achievement Award for the Dairy Animal Project which he exhibited at the last San Antonio Livestock Show.

Colonel Skarda announced plans for the scrap-paper drive from which the Club hopes to obtain funds to be used to send a member, or two if permitted, to the 4-H Camp at MO Ranch. Pick-ups will be made at the Elementary School each Wednesday afternoon. The program consisted of an address by Mr. Gaston on "The Earth's Soils".

Award To Be Made

Ann Davis will preside at annual banquet, at which an award will be made to "Man of the Year" and announcement of new directors elected to the chamber of commerce by November ballot will be given.

The dinner will be held at the Hondo Air Base Club.

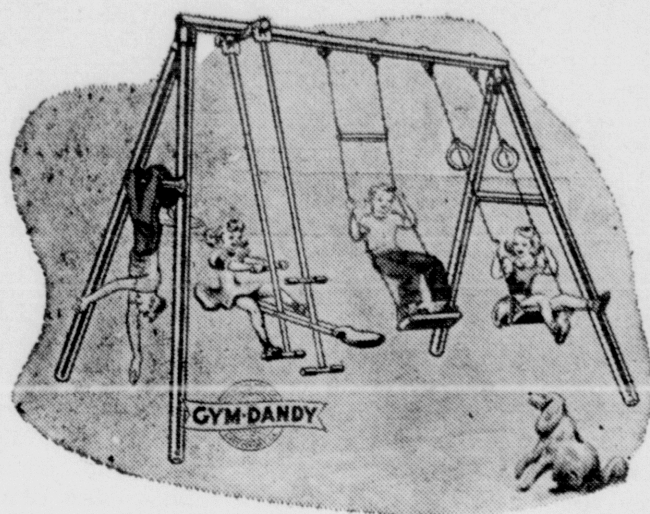

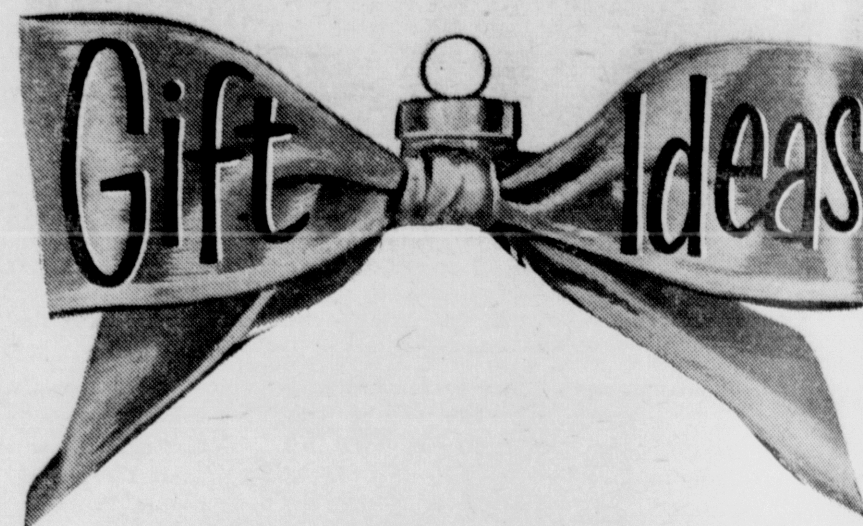

ONE POTATO, TWO POTATO, three — except in this case it's only two potatoes but WHAT potatoes. Ralph DeMontel grew them in his home garden and commented that the ground was so hard around them that it seemed to make the surface of the sweet potatoes real rough. He is holding a better than 10-pounder while Mrs.

Elaine Prude, Anvil Herald employee, holds a smaller version. The U. S. Department of Agriculture has estimated a 115 bushel per acre yield on sweet potatoes in Texas, the highest on record. With his king-sized vegetables, DeMontel should really help that average — in fact about five of his would fill a basket.

SP's new gravity switching yard at Houston sounds like science fiction. On this mammoth maze of tracks, freight shipments routed through Houston to and from the Southwest and West, are handled with speed and uncanny accuracy. The wizard hands of electricity, radar and electronics do a giant's share of the work, putting together freight trains day and night, under any conditions of visibility.

Men are important in the act, too, but the system of automatic control—called automation—is the astonishing thing. It is part of the drama of modern railroading—of the progressive ways and means sought by Southern Pacific to bring the Southwest and West finer freight and passenger train service.

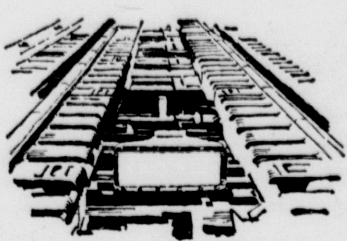

The pictures below show you how radar and an electronic brain team up to improve this vital yard operation.

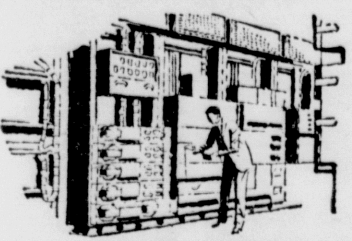

1 Cars from incoming freight trains are uncoupled and nudged one at a time over the crest of a small artificial hill, called the "hump."

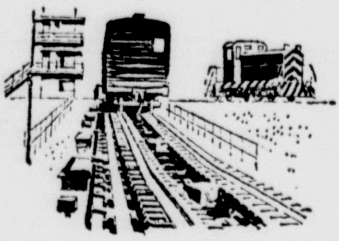

2 Towerman "orders" each car to its scheduled track position in yard through an automatic switching system, which times and sets switches ahead of car.

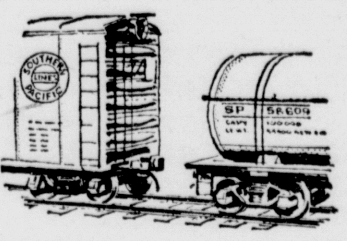

3 Starting its roll downhill, the car is clocked for speed by radar and is automatically weighed. Speeds vary, depending on loads and other factors.

4 An electronic computer instantly notes the car's weight, speed, rollability, distance to roll, and other factors including even wind resistance, then, like a mechanical brain, gives the all-important answer to...

5 ...the "retarder," or electric brake, set in the track, which exerts necessary pressure to release the car at precisely the right speed...

6 ...so that it will roll to its near or remote destination in the switching yard and there couple smoothly and safely into a newly formed train.

SECO PHILOSOPHER SAYS New Fangled Television Banking Will Be Wasted On Men Like Him

Editor's note: The Seco Philosopher on his Johnson grass farm is discussing banking or television this week, we can't tell which.

Dear editor:

I was sitting by the fire during the cold snap the other night reading through some newspapers I'd accumulated so they'd be ready to start a new fire with the next morning, if it came down to a choice, I'd start a fire with an un-read paper before I'd go cold but of a man plans ahead he can get his papers read and his fire started both, and one of the articles I ran into drew my attention.

According to it, the uses of television are being expanded to the business world, and one of the new uses will be in banks.

With this new television gadget, say a man walks up to the window to cash a check and the teller ain't sure whether he has enough money on deposit to swing it. Instead of having to walk back to the ledger sheets and find out, he now has to only flip a switch, ask a helper in the back to bring the camera into position, and right there on a small television screen by his side he can get a look at the ledger sheet, without ever having climbed off his stool.

This is supposed to save a lot of time, but to my notion it just gress is getting ahead of some bank customers.

Take me. When I walk into my bank, and ease up to the teller's window, there ain't no doubt in his mind over what my bank balance is. If the bank had one of these new gadgets, he could look it up on television, but it'd just be a waste of electricity, as he already knows.

I'm in favor of scientific progress, but I don't see much point in science getting so far ahead of me. Buying a lot of television apparatus to look up what my bank balance is, is gonna be a big

waste of money. It'd be sort of like X-raying a man from head to foot before you started treating him for an in-growing toenail.

Sometimes science simplifies life, sometimes it just makes it more complicated.

Yours faithfully,
J. A.

COUNTY AGENT NOTES

By C. B. Gaston

The recent series of meetings on irrigation held in the Winter Garden counties was an outstanding success. The educational meetings conducted by R. V. Thurmond, Extension Irrigation Specialist; Jack Barton, Extension Agronomist; John H. Shanklin, REA Irrigation Specialist contained a great deal of basic information needed by irrigators to help in averting mistakes.

The field demonstration conducted at the Kelo farm near Devine last Friday showed a sprinkler irrigation system in operation, methods of applying water in furrows, soil moisture penetration, and how to measure an irrigation pump in gallons per minute.

Submit Soil Samples

Farmers are reminded that now is the time to submit soil samples to soil testing laboratories. Service is faster at this season and the results are returned in plenty of time to allow for purchasing the recommended fertilizers. Soil testing should be the first step in any soil improvement program. Blankets to accompany the soil sample are available at the office of the county agent.

Plans are shaping up nicely for the Medina County Junior Fat Stock Show to be held at Hondo on Feb. 6, 7, 8, 1956. Only one rule change was made by the board of directors last spring in the annual meeting and that was to place the weight limits of fat barrows from 180 pounds to 270 pounds.

The boys 4-H Clubs have been studying soils as their educational part of the program this fall. It is planned to hold more meetings along this line and train some soil judging teams to compete in a county contest next spring. Last spring Hugo Scheweers of

Hondo root plowed a small pasture that was so thick with mesquite sprouts, that he reports that it would hardly support two jack-rabbits. He says that after the hot summer, he believes that he has practically 100 percent kill on the mesquite. Mr. Scheweers plans to seed this area again next year and defer same and produce some nice grazing in the future.

Two small demonstration plots of legumes not generally grown in this area have been planted to study their adaptability to this section. The legumes planted were Hubam clover, Floranna clover, Israel clover, California bur, Button clover, Cogwheel clover, and Hairy Peruvian alfalfa. The Hubam clover is very commonly grown, but the Floranna which is very similar in appearance was planted for comparison. It is reported that Floranna is about 30 percent leafier than Hubam.

It's all gravy!

Usually "gravy money" is the result of foresight and planning. Like the money your savings will earn for you when you deposit them regularly in a savings account. You don't have to lift a hand to earn this "gravy money." But you do have to have the good old-fashioned common sense to know that systematic saving is the one sure way to build financial security for yourself and your family. No time like the present for starting!

H. D. CLUB DOINGS

LACOSTE — Tuesday afternoon, Nov. 15th, 16 members and a visitor celebrated the 19th anniversary of the LaCoste Home Demonstration Club at the home of Miss Florentina Bohl.

The social started with various games and prizes were awarded. Each member received a gift. Pictures of the club group were taken.

Miss Bohl served a buffet style lunch consisting of anniversary cake, cookies and coffee. The regular meeting of the club will meet at the home of Mrs. Frank A. Bohl on Nov. 29.

Dedicate New Organ At Homecoming

DEVINE — The homecoming at the Christian Church was a decided success in every way. Arrangements of cut flowers were used to decorate the church. An out-standing arrangement was a basket of giant mums and fern placed as a tribute to the memory of Mrs. E. G. Tilley by her children.

Prior to the morning sermon a new organ recently installed was dedicated with appropriate ceremonies. An organ solo by Miss Carol Chrisman was rendered as a special number.

After the sermon, ordination ceremonies followed. Messrs. M. P. Crouch, C. J. Moore and W. T. Leatherwood were ordained as deacons and H. C. Chrisman as Elder. At the close of the services dinner was served in the old H. E. building.

Two charter members of the church were present for the occasion. They were Mrs. R. C. Howard of Oklahoma City and Mrs. J. C. Thompson of Devine.

New Fountain W. S. C. S. Meets On 16th

The New Fountain W. S. C. S. met in the home of Mrs. Fred Bohmfalk on Nov. 16. Mrs. Andrew Schweers was in charge of the program and was assisted by Mrs. Fred Bohmfalk, Mrs. W. L. Hornung, and Mrs. Aubrey Mooney.

The vice president, Mrs. Aubrey Mooney presided. There were three visitors: Mrs. Arthur Trell, Mrs. Rolf Bohmfalk and Mrs. Ben Balzen and 15 members present.

Mrs. M. F. Schweers also gave another session of the study "Within Two Worlds".

The society is planning to send Christmas supply offering to the "Whosoever Mission" in San Antonio.

The next meeting will be on Dec. 21 in the home of Mrs. W. L. Lornung. Each member is to bring some cookies. Sunshine Sisters will be revealed.

Mrs. Fred Bohmfalk and Mrs. George Wiemers served as hostesses.

MRS. PETERSON HOSTESS TO FELLOWSHIP

DEVINE — The Women's Fellowship of Devine Christian Church was entertained in the home of Mrs. Frank Peterson Monday night, Nov. 14.

Thirteen members were present. Mrs. R. G. Werner gave the devotional.

Mrs. Jeanine Guinn, program leader had for discussion a Home Mission subject. Mesdames, Kate Griffin, Sadye Gardner, M. P. Crouch, R. G. Werner, Frank Peterson and Miss Flo Gardner had leading parts in the discussion.

Following the program, a business meeting was conducted by Mrs. H. C. Chrisman. Along with other business transacted it was voted to send a case of canned goods to Juliette Fowler Homes, and to make a substantial payment on the new organ.

Mrs. Peterson served refreshments during the social hour.

The next meeting will be Nov. 28 in the home of Mrs. Joy L. Tilley.

Campfire Girls Enjoy Hamburgers For Breakfast

NEW FOUNTAIN — A group of seventh grade girls, who call themselves Aiciya in the Campfire Girls, enjoyed a slumber party at the country home of Mr. and Mrs. Clinton Wiemers on Friday evening, November 18th. The membership consists of Margaret Riney, Barbara Browning, Linda Wiemers, Marilee Rath, Elaine McDaniel, Joyce Carrasco, Caroline Kidd, Pam Strickland, Janice Powell, Doyleene Enloe, Kay Highsmith and Margaret Meyer. Elaine McDaniel and Doyleene Enloe were not able to be present at the party.

The officers of the group are: Doyleene Enloe, President; Pam Strickland, Secretary; Barbara Browning, Treasurer; Marilee Rath, Vice-President; Mrs. J. M. House is their leader; Mrs. Sam Moss and Mrs. Bob Nowlin are assistant leaders; J. M. House and Mr. and Mrs. Jack Sharp are sponsors.

Mr. and Mrs. Clinton Wiemers served a Mexican supper, cake and soda pop for the evening meal. The girls insisted on hamburgers for breakfast and when criticized, they said "Why not — it's just a habit of eating cereal, bacon and eggs for breakfast." They had hamburgers.

Pottery Shower Given For Miss Granieri

Misses Berta Jean Blake, Martha Carolyn Schultz and Mrs. Randy Woods honored Miss Jeanne Granieri, bride-elect of Eugene B. Skinner, with a pottery shower on Nov. 1, in the home of Misses Blake and Schultz.

The color scheme of pink and white was carried out on the serving table. Refreshments were Russian tea, angel food cake and pink after-dinner mints. About fifteen guests were present.

Miss Granieri and Mr. Skinner will be married December 17 in the Alamo Heights Methodist Church in San Antonio.

Olsen-Keith Rites In Castroville

Miss Diane Mary Olsen, daughter of Mr. and Mrs. F. V. Olsen of Reinlander, Wis. and S-Sgt. Bobby Lee Keith, son of Mr. and Mrs. C. E. Keith of Durham, North Carolina, were married by Judge Joe Bader Friday night in a double ring ceremony at Castroville.

The attendants were A-IC Edith M. Jelinek and T-Sgt. M. D. Mote. Guests were Mrs. M. D. Mote and A-2C Eldon Roach of Lackland.

S-Sgt. and Mrs. Bobby Keith will be at home at the Lackland Air Base.

NATALIA SCHEDULES COMMUNITY SERVICE

The Third Annual Community Thanksgiving Service will be held at the Natalia School Auditorium on Thursday, Nov. 24 at 10:00 a.m.

This year the Rev. Laddie Jasek of St. John Bosco's Church will preach the Thanksgiving Sermon and the other ministers in Natalia will have various parts of the service. The Boy Scouts of Troop 176 will usher.

Assisting in the service will be the Rev. W. R. Sweeney, Church of Christ, the Rev. Berd Engstrom of Presbyterian and the Rev. Cecil Strickland of Baptist Church.

A women's Chorus will sing a special anthem.

MR. AND MRS. A. G. ILSE—1955 ILSES OBSERVE FIFTIETH ANNIVERSARY IN SABINAL

Mr. and Mrs. A. G. Ilse observed their fiftieth wedding anniversary with an open house on November 13, 1955, from 3 to 5 p.m. at their home in Sabinal. They were married in the Keglir Hill Community Methodist Church in Caldwell County on November 15, 1905.

Coffee, cake and mints were served from the dining table which was laid with a beautiful lace cloth. The centerpiece was an arrangement of small mums flanked with tall white candles. The cake was a three tiered confection decorated with a gold miniature bride and groom, white roses and gold leaves, white jilly of the valley and yellow tulles.

Miss Barbara Ilse served the cake and Mrs. Jean Ware poured coffee.

Beautiful giant gold mums, yellow chrysanthemums, and yellow gladioli sent in by friends decorated the rooms.

Joining their parents for the occasion were the children, Mrs. W. A. Russell (Mildred) of Alice and daughter, Mrs. Jack Ware, of Sabinal; Mr. and Mrs. John H. Ilse and children, Barbara and Mile of

Corpus Christi; Mrs. C. A. Van Horn (Josephine), Cisco; Mr. and Mrs. George W. Ilse and daughter Martha Sue, Hondo; Mr. and Mrs. Paul R. Norman (Edna), Alpine; and Mr. and Mrs. A. Gene Ilse and children, Linda, Sammy and Arthur Gene of Sabinal.

A. G. Ilse and Miss Clara Ullrich who were married in Caldwell County in 1905, moved to this country in 1911 and located on the farm still known as the Ilse farm on Kinchloe Prairie east of Sabinal, where they lived until about 1944 when they moved to their home where they now reside in Sabinal.

On display for friends who attended the open house Sunday afternoon were the wedding dress and shirt of the bride and groom of fifty years ago.

Another very unusual item of interest was that Mr. and Mrs. Ilse and all their children and grandchildren were present at the Methodist Church in Sabinal Sunday morning and received a welcome from the preacher and church members.

Many friends called to wish them well during the afternoon.

RECENT BRIDE HONORED IN E. E. WILSON HOME

YANCEY — Mrs. Ross Ward, the former Becky Sollock, of Devine was honored with a shower Saturday afternoon, Nov. 19, at the home of Mrs. E. E. Wilson.

In the dining room was an arrangement of bronze mums and autumn leaves in a brown, flat pottery bowl.

In the center of the lace-covered tea table was an arrangement of mixed gladioli in a crystal bowl, flanked by tall white candles. The white cake was served by Miss Peggy Ward, sister of the groom. Miss Rosalee Bohmfalk served the coffee.

Mrs. Lynwood Sollock, the bride's mother and Mrs. Lucian Ward, her mother-in-law assisted in opening the gifts.

Mrs. Ward's dress was navy taffeta and her corsage was white chrysanthemums. Mrs. Sollock wore a tweed suit and her corsage was bronze chrysanthemums. Mrs. Lucian Ward, in navy, had a bronze corsage and the bride's grandmother, Mrs. Edgar Sollock had a corsage of white chrysanthemums with her green dress. Attending from Devine was Mrs. John Sollock, Mrs. Ward's aunt.

Hostesses were: Mrs. Emil Bohmfalk, Mrs. E. E. Wilson, Mrs. C. A. Muennink, Mrs. B. D. Bomba, Sr., Mrs. Fielding Wiemers, Mrs. Ed Martin, Mrs. Philo Crain, and Mrs. Roy Wilson.

Railroads are vigorously promoting a so-called "Cabinet Committee plan" to restrict public controls over transportation rate-making—returning such power to railroad hands.

Both Protect You...

Both Are Modern!

Your rights and privileges as an American citizen are protected by the Constitution, a unique and magnificent document whose principles are as sound today as when written, over 150 years ago.

Through the years, amendments have been added to keep the Constitution up-to-date.

The same is true of the regulatory powers of the Interstate Commerce Commission. Congress has enacted more than 150 amendments to the Interstate Commerce Act since it was passed in 1887, completely overhauling it twice.

In principle, present ICC regulations governing the various transportation systems are pertinent, constructive, and modern in concept. Under these principles, we have developed the greatest competitive transportation system in the world!

What's Good Enough For The Country Should Be Good Enough For The Railroads!

For '56 Plenty of EXTRA in this SPECIAL

The 1956 Buick SPECIAL 4-Door Riviera

THIS ONE is the news-maker that's front-page big.

This one is the new Buick SPECIAL for 1956—the biggest bundle of high-powered energy and high-fashion luxury ever offered in Buick's lowest-priced Series.

Just a quick listing of some certain facts will give you the picture.

First—its engine is a big new 322-cubic-inch V-8 engine with an all-time high in horsepower for this Series—and an engine that sets the record book at a neat 8.9 to 1 compression ratio.

Second—its getaway—with the double-take-off of the new Variable Pitch Dynaflo—is spectacular even at only part throttle—and comes with a new boost in gas mileage to boot.

Third—on ride, this new SPECIAL is more than great—what with all-coil springing, and torque-tube stability, and a new deep-oil cushioning, and a whole new front-end geometry that adds a wonderful "sense of direction" to the car's travel.

Fourth—on room, luxury, interior finish—there's never been a Buick SPECIAL like this before. From the big, broad seats to the stunning new instrument panel—there's new decorator smartness and quality throughout.

But get the picture on price, and you have the biggest reason why this sizable automobile is so extra special a buy.

For this Buick comes to you at a figure so close to those of the most widely known smaller cars, the difference in price is small change.

So—come in and see and sample this beauty. You'll find it, we firmly believe, the biggest package of automobile at anywhere near its budget price.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

"The History of the Sisters of Divine Providence of San Antonio, Texas", Bruce Publishing Company, 1955, Milwaukee.

Reviewed by Fletcher Davis
"The History of the Sisters of Divine Providence, San Antonio, Texas", is the title of a recent book written by Sister Mary Generosa Callahan, C.D.P., professor of English, Our Lady of the Lake College, SA, and dedicated to her superior, Mother Mary Angelique Agnes, the first American-born Mother General of the congregation.

A most casual examination of the book will astonish the reader at the amount of painstaking research its author did in assembling her data, and awaken admiration for the skillful manner in which she wove them into a narrative that is factually complete and accurate, and, at the same time, delightfully readable. It is scholarly history as well as popular history in all these terms.

Most appreciably the writer uses as the frontpiece of her book a life-like picture of the founder of her congregation with the inscription: "Blessed John Martin Moye, Founder of the Sisters of Divine Providence." Then follows her introduction in which she notes the long-felt need for a history of her religious group and briefly outlines the plan whereby she undertakes to supply this demand with her book.

From there she proceeds through eight fact-filled chapters to tell the story of the Sisters of Divine Providence. Not always in chronological order, but with such meticulous care and attention to detail and not extending anything, she gives her reader a comprehensive knowledge of the congregation, its trials and its triumphs, over the period of its existence from its establishment in a remote area in France in 1762 to the present day.

Limitations of space preclude any extensive quotations from the book, and we must limit ourselves to a somewhat disconnected citation of certain events as recorded.

Concerned over the lack of facilities for education for the children of his people, Father John Martin Moye conceived the idea of forming a body of non-cloistered religious whose mission was to teach the children. This was in 1762, and the villagers of north-eastern France, where the congregation was first instituted, gave the group the name of Sisters of Providence.

Despite disruption incident to the French Revolution when Father Moye went into exile where he died in 1793 and when the Sisters of Providence either went into exile or remained hidden in France, the persistence of a few devout Sisters who had remained "in remote villages in Alsace and Lorraine" and of those who returned from exile caused the work to be carried on openly as before the war. Instead of the persecutions at home and the exiling of its founder and some of the devout followers destroying the work at home, it took a firmer hold. Two houses of the Sisters were established in post Revolutionary days: one retaining the original name, Sisters of Providence and the other becoming known as the Sisters of Divine Providence. We here quote:

"Sister Leconte had remained in her little village of Saint Hubert where Father Moye had placed her in 1762, the one strong link between the pre-and after-Revolutionary days in the history of Father Moye's congregation. A few other Sisters, by a special providence of God, had continued to carry on their teaching in remote villages of Alsace and Lorraine. The majority returned to their homes to await the day when they could reopen their convents and their schools."

That time came when Napoleon Bonaparte's Concordat with the Holy See was signed on July 17, 1801.

Thus firmly established, the work begun by its founder went on to grow until it permeated the life and fixed the habits of the people it had been designed to serve.

It was among these people of Alsace and Lorraine that Henry Castro went to secure emigrants to make his initial settlement in the wilds of Texas. When through vicissitudes that would have deterred a less resolute soul than Castro, he finally located his first little band at its destination on September 4, 1844, which the very named Castroville in his honor, true to the teachings of their spiritual leaders in the homeland, one of their first acts was to design-

nate the grounds and location for their religious edifices and under the leadership of their abundant spiritual advisers, Bishop Odin and Father Oge, the ground was consecrated and the cornerstone for the church that was to be built was blessed.

It was not until 1866, however, that the first missionary Sisters from Saint Jean-de-Bassel in Lorraine, France, in the persons of Sisters St. Andrew Felton and Alphonsine Boegler, were brought by Bishop Dubuis to Texas to begin their work in parish schools. From this small nucleus, the work has grown and expanded until it now has foundations all over Texas and in several other states.

Although Bishop Dubuis planned to establish the motherhouse of the Sisters of Divine Providence in Austin, he decided two years later to found the congregation in Castroville. So in August, 1868, he sent Mother St. Andrew and Sister Agnes Wolf, who had joined the community in Austin.

The author devotes her third chapter to the developments during this period under the title, "Castroville, the Home of the Alsatians," and tells much of the history of that town, how it grew from a struggling frontier settlement to become the prosperous County Seat of Medina County only to lose to Hondo through being by-passed by the railroad built in 1882 and the county seat voted on in 1892.

The need for a center with railroad facilities led to the transfer of the motherhouse of the Sisters to San Antonio in 1894. The wisdom of the change is manifest in the enormous increase of the congregation and the vast enlargement of its facilities in grounds, buildings, and equipment. Meanwhile, the property at Castroville, while a sad reminder of its better days, is still being used advantageously for the propagation of the faith for which it was built and to which it was dedicated.

We have touched briefly on some of the highlights of the history of the Sisters of Divine Providence over the years from the beginning at Castroville with just two religious in 1866 to the present day when the congregation numbers its laborers by the hundreds, distributed over fifty states and doing a service of incalculable value to humanity.

You will be enlightened in mind and uplifted in spirit by a reading of Sister Mary Generosa's book, "The History of the Sisters of Divine Providence."

Who, ME?

Most traffic accidents happen to drivers who think accidents are always caused by the other fellow. Remember: only YOU can prevent accidents!

"Make Every Day SD Day" Traffic Committee Urges

The President's Committee for Traffic Safety again is sponsoring a special day dedicated to safe driving — S-D Day. The date is Dec. 1, and the aim is to hold deaths and injuries to the lowest possible level for a 24-hour period.

While perfection probably is too much to expect — even for one day — from a combination of about 72 million drivers and 58 million motor vehicles, no sensible person would argue for a minute that the usual toll cannot be substantially cut by more sensible driving.

It's too bad that such a worthwhile effort must be limited to only one day. The sponsors apparently think so, too, because one slogan urges "Make Every Day S-D Day."

There lies the irony of our traffic accident problem — that it takes a Presidential blessing and a high-powered educational effort to achieve reasonable conduct on the highways for only one day of the year.

Safe driving should be the year-round rule, not the one-day exception. We could "Make Every Day S-D Day."

SPORTS

By Dr. John H. Jennings

The Hondo Owls, while looking forward to Friday night's Bi-District clash with Three Rivers, stomped out a 51 to 6 win over San Felipe.

We will not dwell much in this column on the play by play or scoring of the San Felipe game as it is covered in the game write-up.

The Owls scored 8 times, Pete Angermiller got 2, Richard Schulze made 3 outstanding catches, though he dropped one easy "pop up" and Billy Neuman made a spectacular catch for a 60 yard gain.

Passing Comments

Coach Carver planned to rest Hartman more, but found his QB ready, so Alvin played most of 2 1/2 quarters. Valuable Pete Angermiller was held out of the last half almost exclusively. . . . though he carried a punt for an 85 yard TD with 17 seconds left in the game.

"Little Bull" Woolls moved from full-back to right HB so he could move more running. . . . and run he did. He carried for 160 yards in 14 tries for a 11.5 average. . . . all in the 1st and 3rd periods. . . . he had longer runs of 46, 35, 24, and 17 yards. If Coach Carver can keep this combination, it should make the Owl running attack more varied. . . . and take some of the running load off Gem Pete Angermiller. . . . for we can be sure everyone will be watching Pete. However, this is the problem of a coach. . . . he has to use his boys to meet changing situations.

Both Larry Keel and Ray Highsmith saw more offensive action. When Woolls moved to full-back post. . . . and he did some fine driving. Larry carried 11 times for 77 yards for a 7 yard average. Ray "Little Quick" Highsmith went 55 yards in 10 carries. Little Ray is afraid of no one and would probably be more effective if he used his quickness to dodge tacklers rather than running over them with his 143 lbs. If the Owls are to go far in the State play-offs, they will need the very best out of Don Neuman, Larry Keel, and Ray Highsmith in the 4th spot of the Owl backfield. . . . each one has the ability to do himself and the Owls proud in their assigned task.

Angermiller carried on 1 y 8 times for 46 yards and had 100 yards in two punt returns. Billy Potsavich carried 6 for 30 yards; Louis Lasiter 9 yds. in 3; Schulte caught 3 passes from Hartman for 80 yards. Johnny Meyer was the QB in the final quarter.

Billy Neuman had to punt one time. . . . good for 49 yards. Jerry Muennink continued his outstanding defensive work. . . . and Johnny Windrow was also in many a pile-up. . . . QB Alvin Hartman got extra fancy with his hand-offs making it hard to follow the ball.

Donors to the scoreboard fund were: Senior Class of 1955, Alamo Lumber Co., Crow's Cleaners, Dr. John H. Jennings, E. R. Leinweber Co., Fred Bader, Geo. Dawson George J. Brucks, Gladys Windrow in memory of Bill Windrow, Hondo Lions Club, Hondo Lumber Co., Hondo National Bank, Jack Winkler, Jake Schuehle, Dr. T. B. (More Names Next Week)

Playoff Thoughts
The Owls, though winning 51 to 6, did look sluggish. Probably due to regarding San Felipe lightly and looking forward to the beginning of the real marble game. . . . the State play-offs. From here on, the task gets tougher. . . . for you play a champion each week. . . . it's hard to keep the boys UP week after week, but for the boys

that do. . . . they are the ones most likely to go all the way. Remember, it is not ALWAYS the best team that wins. . . . a good or fair club with the WILL TO WIN is the one to watch. The Owls are a wonderful bunch of boys, a truly good team. . . . combine this with a stronger will to win that a given opponent and they COULD go a long way. You cannot go far with anything less. To repeat last week's phrase: when the going gets tough. . . . the tough get going. Let's hope the Owls show their class and prove their toughness. . . . many feel the Owls have yet to play a really good, or shall we say. . . . their best game. Let's hope they have saved it for their first really tough opponent. . . . and it could be Three Rivers this Friday.

About Three Rivers

Three Rivers has a record of nine wins and one defeat. . . . their loss was Kennedy 13 to 0 early in the season. Three Rivers' victims include Floresville, Mathis, Taft, Pleasanton, Poteet, Jordan-town, Karnes City, Crystal City and George West. They defeated Crystal City 45 to 21 while Hondo took Crystal City 47 to 0.

The report has Three Rivers as being very fast. . . . with four or five boys possibly faster than any of the Owls. . . . and they like to pass a lot too. Three fast backs are Gurwitz, 165 lbs. who is a left-footed kicker and passer, Boyd 155 lbs. who can run and is a fine passer, and Harris at 160 lbs. The two ends are speedy too; Callihan and Adrain, both 163 lbs. Adrain is the fastest boy on the field and he plays part of a double safety on punts. . . . so Billy Neuman will have to be careful with his punts. The visitors line is none too heavy but the entire team relies on speed.

Last year the Owls defeated Three Rivers in their own park. . . . 33 to 14 after a very close 1st half. . . . so Hondo can expect a revengeful opponent to show up on the Barry Field. We know of our feeling toward Deer Park for knocking us off twice. Three Rivers probably has the same feeling toward the Owls.

More Playoff Talk

The winner of the Hondo-Three Rivers game will meet the Hebbronville - Rio Hondo winner for the Regional Championship. Hebbronville is the favorite. . . . as they reportedly have a stronger team than last year. After this, comes the Quarter Final Game. . . . a game the Owls have twice reached but have failed to advance further.

The Quarter Final opponent from the above group will meet either Sealy or Deer Park (also a Thursday game). . . . so around and round she goes, and where she stops, nobody knows!

ANTLERLESS QUOTAS SET

More than one half of the potential antlerless deer harvest in five Hill County counties has been allotted to Llano county, according to the Director of Wildlife Restoration for the Game and Fish Commission, while Medina County ranks second.

The special hunts, authorized by the Commission to curb overpopulation of deer, will be held December 2-11.

Permits were issued as follows to landowners who will distribute them direct to hunters: Llano, 2500; Medina, 1000; Gillespie, 521; Kerr, 400; and Mason, 336 for a total of 4757.

Holiday Lights To Be Judged

Now is the time for all civic-minded folks to begin thinking of ways to make our town look really pretty during the Christmas season, and to stimulate this, the Hondo Chamber of Commerce will again award first, second and third place ribbons to the best-decorated business houses and private residences in the city.

Out-of-town judges will make the decisions on the winners and the judging will probably be done on the night of Dec. 19, although a definite announcement on this date will be made later.

Folks need not call the chamber office to enter their decorations as Mrs. Winnie Braden, secretary of the C. of C. will accompany the judges all over town to make sure they do not miss a single exhibit.

Santa To Appear

Old St. Nick will make his annual visit to Hondo on Wednesday Dec. 21, appearing at the Hondo Elementary School auditorium. Students of the first three grades of Hondo Elementary and preschoolers are invited to the program which is scheduled to begin at 12:45. Children of parochial schools will go to the auditorium for their turn at talking with Santa about two hours later.

The chamber of commerce is providing goodies for sacks to be given each child attending the program.

Park Display

Mrs. Braden stated that the Hondo Garden Club would again have charge of decorating the railroad park south of the depot in Christmas dress. Mrs. F. D. Garrison is in charge of this committee.

Sponsor Dinner

The Hondo Chamber of Commerce organized & sponsored the dinner honoring Universal Rundle officials held in Hondo recently. The evening was enjoyed not only by employees of the honored business, but also by many Hondo civic leaders and other guests.

Empty Stocking Fund Drive Now Starting

Once again this year the Business and Professional Women's Club of Hondo and Devine will sponsor a drive to make Christmas merry for Medina County folks who might otherwise have to pass over December 25th as just another day.

For years the Hondo Club has undertaken the sponsorship of an empty stocking drive asking families and clubs in the area to "adopt" a poor family for a day. Miss Mary Ruth Cameron, in whose office the baskets are checked, says that the Paul Reileys are always first to ask for a family. This year there are approximately 40 families who need help and since only two are spoken for, it will be necessary for 38 more volunteers to come forward.

Miss Cameron stated that the Christmas basket should include some gift to each member of the family and food for a fine Christmas dinner.

The welfare office always welcomes donations of good used clothing which can be passed out to the needy, but commented that even though the clothing was in good shape, it should not be put in the Christmas box—that things should be "first hand" for at least that one occasion during the year.

Small clubs who do not feel that they could adequately fill a basket for a family, some of which have many children, may give a cash donation and that will be used to fill out baskets which representatives of the B & PW Club feel need a little something extra—for example, fresh meat is sometimes added just before the recipients come by the welfare office to pick up their gifts.

Families or clubs wanting to help out a family should contact Miss Cameron at the Medina

Owls Swamp San Felipe

By Dr. John H. Jennings

The Dist. 29-A champion Hondo Owls ran roughshod over the San Felipe Mustangs in the final three quarters to rack up a 51 to 6 victory last Thursday night. This gives the undefeated Owls 355 points to 30 for ten opponents.

The Owls were sluggish in the 1st quarter and were not able to score, though they moved the ball well. QB Alvin Hartman was pressed into service late in the initial period and the Owls immediately took life. Co-Capt. and Center Jerry Muennink set up the first Owls score as he intercepted a pass on the Mustang 20 yard line. Pete Angermiller made the TD on a 4 yard drive. It was the 1st score to be recorded on the newly erected Owl scoreboard.

The 2nd score came two Owl plays later when Alvin Hartman laid a beautiful pass in the out-strutted arms of End Richard Schulte. The play covered 38 yds. Then shortly before the half, another picture pass was taken out of the air by hustling Billy Neuman. This pass play covered 60 yards as Billy was downed on the 1. Alvin Hartman went over for the third 2nd quarter score on a quarterback sneak, to bring the half time score to 20 to 0.

The Owls took the 2nd half kick off and drove 64 yards in 5 plays as Ray Highsmith scored on a 5 yard scamper. Butch Woolls, running from his new halfback spot, put in the key play of the drive as he drove and slipped out of the arms of would-be tacklers for a 35 yard gain to the 5 yard line.

The next score of the night came mid-way in the 3rd period as San Felipe's Lupe de Hoyos scooted for a 51 yard TD jaunt. It was a beautiful run as several Owls had a chance, but failed to bring him down.

The Owls took the next kick-off and went another 64 yards for a score. The drive took 9 plays as FB Larry Keel went over from the one. The play of this drive was an outstanding catch by Richard Schulte of Hartman's 31 yd. pass on the 10 yard line. The seventh Hondo score came 3 Owl plays later. . . . on a 2 yard blast by Woolls. "Little Bull" Woolls had set up the score with a determined and spirited 46 yard dash as ever run. He fought off, slipped away from, and out-manuevered his would be tacklers to the delight of all. This was the last of 3 third period Owl TD's.

The 4th quarter found the Owls scoring twice. The first was set up by Woolls interception of a Mustang pass on the San Felipe 22. Ray Highsmith then went over for the TD after Billy Potsavich, Louis Lasiter, and Johnny Meyer had set the ball up on the 4. The final score was affected by a fitting climax. . . . a beautiful 85 yard punt return by Fleet Pete Angermiller. It appeared that Angermiller's show would his greatest speed of the year on this run.

Holiday Workers Need S. S. Card

John D. Palmer, manager of Social Security Administration's district office in San Antonio, says that now is the time for persons expecting to work during the Christmas rush to obtain social security cards if they have never had one before.

He warned that many stores and other firms will soon be hiring employees for the us u l Christmas rush. Such an employee will need a social security card, just as much as a permanent employee would, so that he can obtain credit with the Social Security Administration for the work he does and so his employer can properly report his earnings to the Social Security Administration.

County welfare office and she will describe a family — listing the size, number and ages of children etc., although the identity of the family is not given.

For '56 choose FORD... America's Favorite Station Wagon!

With Thunderbird Y-8 power . . . Thunderbird styling . . . and exclusive new Lifeguard Design

Eight-passenger Country Sedan
More stylish than ever, with new colors . . . stunning interiors. Like the Country Squire, it has an easily removable rear seat. Four doors give easy access for all eight passengers.

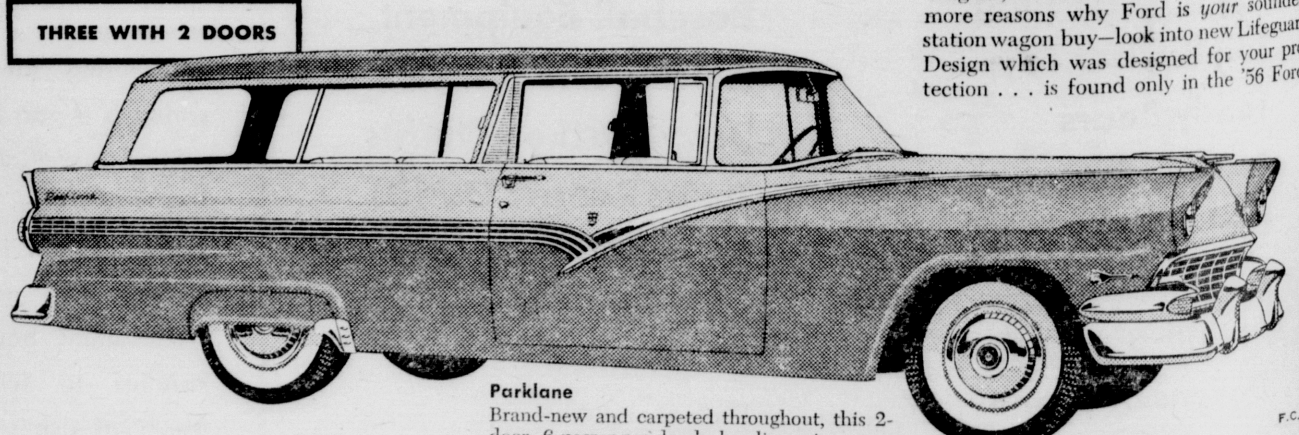

Six-passenger Country Sedan

Designed for those who want 4-door convenience with seats for six. Like other models, it has Ford's fold-into-the-floor Stowaway seat.

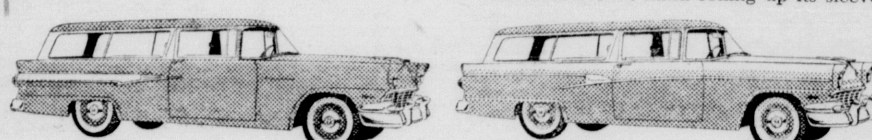

Country Squire

A queen among station wagons. Mahogany-finished steel panels give woodlike beauty to this luxurious, 8-passenger dreamboat.

Parklane

Brand-new and carpeted throughout, this 2-door, 6-passenger dandy has limousine comfort and doesn't mind rolling up its sleeves.

Ranch Wagon

This favorite has two wide doors, easily seats 6 people. As in other models, lift gate and tail gate can be operated easily with one hand.

Custom Ranch Wagon

A 6-passenger beauty that converts in a split jiffy from luxury liner to a super-spacious cargo carrier. Easy-to-clean interior can take it.
